

International Operational Auditor

"I want to make the most of my potential and get more out of my career"

Are you a talented and dynamic Graduate looking for a **fast track international career**?
Do you want to start your career with a true **professional adventure**?
Do you want to **take responsibilities early** on and lead teams within a short period of time?
Do you want **exposure across different functions** and product categories?

Then **NESTLE, the World's leading Nutrition, Health and Wellness** Company is exactly what you are looking for:

- Present in 83 countries around the world
- 461 factories producing an unrivalled portfolio of brands and high quality products such as NESPRESSO, NESCAFE and KIT KAT...
- 328'000 employees worldwide contributing to an annual turnover of 83.6 bio Swiss francs

We offer you the opportunity to join our **international audit team** to ensure that all our units are aligned with the Nestlé principles, to guarantee an effective control environment and to enhance operational efficiency.

What your tasks will include:

- Travelling nine months a year to our head offices, factories or research centres throughout the world.
- Prepare for audits by gathering feedback from senior management at our head quarters.
- Carry out operational audits and identifying risks and providing value adding recommendations.
- Intensive exposure to senior management.

To be an international operational auditor represents the opportunity to make an impact from day one and it is an ideal training ground to become one of the future leaders of our company. This is why we are looking for outstanding personalities.

What you will ideally need:

- Masters degree, preferably in Finance or Audit
- Being fluent in English and two additional European languages
- Curiosity, courage and flexibility
- High analytical and organization skills
- Excellent communication skills and team spirit

If you feel attracted by this unique opportunity, hands on and close to the business experience, we are looking forward to receiving your application!

Please share your complete CV as well as your motivation letter when applying with us.

We recruit on an ongoing basis; you can therefore apply all year long.
Next assessment centres: February and May 2013
Next start dates: May and August 2013
